

Solar panel set Cayman Islands

What is the first commercial solar project in Cayman?

The 20 acre 5MW Solar Farm located in Bodden Town is the first commercial solar project in Cayman. Completed in 2017, this solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to CUC through a Power Purchase Agreement (PPA).

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

(CNS): The Ministry of Commerce, Planning and Infrastructure (CPI) has re-allocated 700 kilowatts from the government's Consumer Owned Renewable Energy (CORE) power capacity, paving the way for affordable and smaller homes to include solar panels and allowing more people in the community to use renewable energy while remaining on the CUC ...
