

Solaris solar panels Cayman Islands

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

What is the first commercial solar project in Cayman?

The 20 acre 5MW Solar Farm located in Bodden Town is the first commercial solar project in Cayman. Completed in 2017, this solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to CUC through a Power Purchase Agreement (PPA).

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

What is CUC's solar farm?

The farm comprises 21,690 poly-crystalline photovoltaic (solar) modules, each with a DC-rated capacity of 305 watts. The facility is connected to CUC's Bodden Town Substation and provides equivalent energy to power approximately 800 homes with clean, renewable solar energy.

Why GreenTech?. GreenTech Solar is the only solar company in the Cayman Islands who has their own factory trained and certified in-house design and installation team, thus always ensuring quality control of our work. NOTE: All our local competitors subcontract out their design and installation work. GreenTech Solar is the only Caribbean based renewable energy firm to have ...
