1. Make sure that the date selected is correct. 2. We only calculate the power generation data between 10:00am and 14:00pm, so if the inverter power-up time is earlier than 10:00am or later than 14:00pm, then the data of that day will not be involved in the calculation.

If you are on-site, you can press the button on the logger once to see if the data can be uploaded to the SolisCloud platform. If the data still cannot be uploaded, you can search the SN of the inverter on SolisCloud to see if the logger SN for which the inverter belongs is the same as the SN of the logger on site.

2 - SolisCloud / Guía de inicio rápido. Contenidos. e: spservice@solisinverters w: solisinverters Parte 1: 5 sencillos pasos para empezar (registro, migración e inicio de sesión) 3 - SolisCloud / 5 sencillos pasos para empezar * POR FAVOR, TENGA EN CUENTA:
