

HY SOLAR has recently obtained the certificate issued by PV CYCLE. As a member of PV CYCLE, the association will be responsible for recycling and reusing the module products of HY SOLAR (sold within the membership term) which have reached the service life, thus opening up the "last kilometer" of the photovoltaic green industrial chain of HY ...

I highly recommend HY Solar and their exceptional range of photovoltaic (PV) panel products. With a commitment to cutting-edge technology and sustainable energy solutions, HY Solar stands out as a reliable provider in the solar industry. Their PV panels boast impressive efficiency rates and durability, ensuring optimal performance and longevity.

Degradação mais baixa, garantia mais longa. Em comparação com os módulos PERC tradicionais, os módulos tipo N da série HT da HY SOLAR têm 15 anos de garantia de fabricação do produto e até 30 anos de garantia de potência linear, com menos de 0,4% de degradação anual. É garantido que a potência de saída será inferior a 87,4% da potência inicial.
