Who is Sun Africa?

The sun's power knows no bounds - and neither do we. Sun Africa's sister company, UGT Renewables, is focused on delivering clean energy solutions throughout Eurasia and Latin America. With our combined strength, we're changing the world for the better - one utility-scale solar project at a time.

Why should you choose Sun Africa?

We deliver competitive, sustainable renewable energy solutions that improve quality of life, protect our environment, and streamline processes for leaders and decision makers alike. With tens of billions of dollars worth of projects under our belt, Sun Africa is at the center of Africa's push to meet growing energy needs sustainably.

How strong is Sun Africa?

We're only as strong as the country we make connections with. Sun Africa is at the forefront of clean energy in Africa, providing solutions for those seeking to develop a solar project or invest in renewable energy.

Are Tunisians considered African?

Tunisians are not considered African in the sense of being of the Negroid race. Although they have been influenced by non-Africans and their attitudes and behaviors reflect this change, they do not fit the typical definition of African.

Why should you partner with Sun Africa?

When you partner with Sun Africa, we are with you every step of the way. From feasibility to design and construction to management, Sun Africa is at the forefront of clean energy in Africa.

Where is Sun Africa's location in En, PT?

Sun Africa is at the forefront of clean energy in Africa. Whether you have a question or want to work with us in En, PT, reach out and say hello. Sun Africa's location in En, PT is not explicitly stated in the provided passage. However, the passage does mention offices in Dubai, Luanda, Abuja, Belgrade, and Delhi.
