

# Sunwoda battery Rwanda

Is sunwoda a good battery company?

Today, HEV batteries are the backbone of Sunwoda's power battery business, with production operating at nearly full capacity, according to Wang. This low-key battery company has managed to attract both domestic and international automakers.

How long did it take sunwoda to develop a battery?

Sunwoda's first battery took 3-4 years to move from development to mass production, finally hitting the market in 2019. Today, HEV batteries are the backbone of Sunwoda's power battery business, with production operating at nearly full capacity, according to Wang.

What is sunwoda & Li auto collaboration?

This collaboration aims to deliver safer, more efficient, and sustainable mobility experiences to users worldwide. Sunwoda and Li Auto celebrate a major milestone with the production of their 100,000th battery pack, marking significant growth in the new energy sector.

How much money did sunwoda power get in 2022?

In 2022, Sunwoda Power, its power battery subsidiary, secured about RMB 8 billion (USD 1.1 billion) through two rounds of funding. By then, major automakers like Li Auto, Nio, Xpeng, SAIC Motor, GAC Group, and Dongfeng Motor had already joined its roster of clients.

Is sunwoda a strong company?

Against its non-CATL rivals, Sunwoda's stable foundation has become its greatest strength. According to its financial report, Sunwoda generated RMB 23.918 billion (USD 3.4 billion) in revenue during the first half of 2024, a year-on-year increase of 7.57%. Net profit rose by 87.89% to RMB 824 million (USD 116 million).

Is sunwoda a key supplier for Li auto's L7 & L8 models?

Industry sources reveal that Sunwoda, a key supplier for Li Auto's L7 and L8 models, is quietly weaving itself into the supply chains of several other automakers. This rise echoes that of China Aviation Lithium Battery (CALB), which gained a foothold with GAC Aion just before its sales took off.

Sunwoda & Li Auto Reach the Milestone of 100,000 Battery Packs Produced. Jul 12, 2024. On July 10th, SEVB, a subsidiary of Sunwoda, and LiAuto celebrated the milestone of producing their 100,000th battery pack at SEVB's Nanjing facility. This achievement not only marks a new level of production and market readiness for both companies in the ...

Sunwoda specializes in lithium batteries and their upstream and downstream fields, offering comprehensive technical services including testing and analysis, certification, standard technical research, collaborative R&D innovation, and high-quality overall solutions. ...
