

The Gambia aginteco solar

Will a new solar plant increase energy demand in the Gambia?

Energy demand in The Gambia has increased by 5.5% per year in recent years and today's connection of the new 23 MWp solar plant to the national energy grid will significantly increase Gambia's current generation capacity of 98 MW and enable electrification of rural areas. A strong commitment

Why should the Gambia invest in solar energy?

To match the rising demand and to provide sustainable and accessible energy to all Gambians, the potential for solar energy investment is immense in The Gambia. The government of The Gambia seeks to increase RE's contribution to 40% from 2% presently in the coming years.

Is Gambia ready for a new era of renewables?

Gambia: strong international support for a new era of renewables with inauguration of historic 23 MWp solar plant. A significant strategic project with strong substantial economic and social impacts, the recently inaugurated solar photovoltaic plant in Jambur is poised to supply electricity to approximately 18,500 households.

Does the European Investment Bank support a new solar plan in Gambia?

Mr. Ambroise Fayolle, Vice-President at the European Investment Bank (EIB) "I am delighted that the European Investment Bank is supporting this new solar plan with such economic and social impact for populations in Gambia, particularly in rural areas.

How will the NAWEC power plant benefit the Gambia?

This plant will be complemented by other critical transmission and distribution upgrades in the NAWEC network to ensure the availability of reliable, clean, and stable energy supplies across The Gambia.

Why should you invest in the Gambia?

Driven by its geographical proximity to West African countries, The Gambia offers an excellent opportunity for investors to tap into a growing market with over 300m+ potential consumers. The Gambia also provides a port with access to shipping from the Atlantic ocean and a variety of preferential trade partners.

In a bid to provide solar lighting systems at schools and hospitals across the country, the Gambia recently signed a contract agreement amounting to euro 30.9 million with two foreign contractors namely- Ecosys ...
