

? Fireside chat with Verena Pausder On Tuesday we had the great pleasure of hosting Verena Pausder, Chairwoman of the German Startup Association (Startup-Verband), at the tozero office. ? After a tour of our pilot plant, we sat down for an inspiring fireside chat with the whole tozero team. We dove into the future of DeepTech in Germany and how politics shape the startup ecosystem.

tozero developed its proprietary process based on "Hydrometallurgy" to recycle lithium-ion batteries for the EV Industry and recover critical materials like lithium, nickel, cobalt, and graphite. This will allow us to take old batteries and reintroduce fresh raw ...

We are happy to announce that JGC Holding Corporation (Masayuki Sato CEO) and JGC Japan (Yasuharu Yamaguchi CEO) jointly invested in tozero GmbH through Mirai Corporate Venture Capital (CVC) fund. ...

Digitalization focuses on using digital technologies and solutions to improve business processes, operations and more, opening up new revenue streams and realizing efficiency. Fundamentally, it delivers value to customers, by integrating digital solutions in all areas of your business.

tozero General Information Description. Developer of lithium-ion battery recycling technology intended to accelerate the decarbonization efforts. The company utilizes a sustainable process to recover critical materials like lithium, nickel, cobalt, graphite, and manganese from all types of batteries, enabling industries to get fresh raw materials back into the supply chain.

The overarching guidance for the Tonga Strategic Development Framework 2015-2025 (TSDF 2015-2025) is the Motto, God and Tonga are my inheritance, established by Tupou I. This means that "Tonga is our inheritance and our wealth in the form of our people, our land, and our strong Christian and traditional values that underpin our culture.

As the world turns to renewable energy to revolutionize the energy sector, tozero stands at the forefront, recognizing that recycling is a keystone in the face of resource scarcity. In a future electrified by mobility solutions and home solar ...

tozero developed its proprietary process based on "Hydrometallurgy" to recycle lithium-ion batteries for the EV Industry and recover critical materials like lithium, nickel, cobalt, and graphite. This will allow us to take old batteries and ...

Tozero stands out in a "blue ocean market" that is ready for innovation because to its efficient and lean technologies . Tozero, a visionary Munich-based firm, has brought up \$11.7 million in seed capital to expand its creative battery recycling solutions as the demand for lithium rises internationally. With this

01 May 2022, Nukualofa Tonga - The Kingdom of Tonga, located along the Pacific tectonic plate called the Ring of Fire, is particularly vulnerable to the devastating impact of climate change. Ranked the third most at-risk country for natural hazards and sea level rise in the 2021 World Risk Report, this high risk was clearly exposed when a volcanic eruption in January 2022 triggered ...

Honda Xcelerator Ventures welcomes tozero to its portfolio to drive sustainable lithium production in Europe. Munich, 12 November 2024: tozero - Honda Xcelerator Ventures is proud to announce our investment in tozero, Europe's pioneer in sustainable lithium-ion battery recycling. tozero recently raised EUR11 million in their seed round, which will fund the ...

tozero was founded in July 2022 in Munich, Germany, by Sarah Fleischer and Dr. Ksenija Milicevic Neumann. They are on a mission to build a scalable lithium-ion battery recycling machine to recover the critical materials inside, like lithium, nickel, cobalt, and graphite in a sustainable way.

Coached by Kristian Woolf, Tonga fielded a strong team but was far from its best due to several injured or suspended players. Despite making the 2024 Pacific Championships Final before losing to Australia, they did it without the likes of David Fifita, Tevita Tatola, Tyson Frizell, Will Penisini, Moeaki Fotuaika, Siosifa Talakai, Konrad ...

About. Media and Press releases. tozero is a Munich-based startup co-founded by Sarah Fleischer and Dr. Ksenija Milicevic Neumann. The company's target is to establish Europe's leading lithium-ion battery recycling plant, focused on recovering critical materials such as lithium and graphite in a sustainable way. ...

Last Update: 23.04.2024 . Munich, Germany - 23.04.2024: tozero, a Munich-based climate tech pioneer in lithium-ion battery recycling, marks a significant industry breakthrough with the first commercial delivery of recycled lithium derived from battery waste using their proprietary hydrometallurgy process.

Nuku'alofa, Tonga: David Kent Jr Tau'alupe (39) was jailed for one year for causing grievous bodily harm to "Alo'i Kei, when he stabbed him with a sharp object, causing a severe wound to his left upper abdomen, during a drink up altercation at the Laione Club in Vava'u. The judge said the offending with a concealed sharp object, "clearly signals a degree of planning and ...

[TL;DR] tozero is the first and only battery recycler in Europe successfully supplying customers with its recycled lithium, utilized in end products sold worldwide; tozero's proprietary recycling tech focuses on the true bottleneck, recovering critical raw materials from lithium-ion battery waste and reintegrating the recycled materials back into global supply chains
