

United Kingdom infinity solar energy

Is Infinity Solar a good company?

Highly recommended. We had 24 solar panels installed in a ground array, with a battery and EV charger. Everyone at Infinity was very professional, competent and friendly from start to finish. We are now pretty much 'off grid' during the summer!

Why should you choose Infinity renewables?

Add to your sustainable future and become less reliant on the grid for your energy usage. At Infinity Renewables we believe in making a positive change by using safe sources of energy to power our planet. Our friendly team of experts are dedicated to helping you optimise your energy usage, to find a tailored solution to suit all needs.

How much do solar panels cost?

Installed from as little as £48.36 a month, it's never been simpler to generate your own free, clean electricity and save money on monthly energy bills with a home solar panel system. Back-to-back Solar PV Award Winners Contact us about installing Solar Panels at your property:

What are the benefits of solar power?

Plus when your solar system is generating more electricity than you're using, your meter will literally be running backwards! Undoubtedly one of the greatest benefits of solar power is, it's a form of renewable energy, this means it is not only sustainable but infinite. It allows us to power homes and business with clean, safe energy from the sun.

Is solar power a good investment?

Solar Power translates to a home with lower running costs and higher energy performance rating. Therefore when looking into property, for purchase or rent, solar power can be seen as an incentive to any potential investor.

How much electricity does a solar system produce a year?

According to the energy saving trust UK, the average system will produce 3300kwh annually. Plus when your solar system is generating more electricity than you're using, your meter will literally be running backwards!

Prime Minister Rishi Sunak has doubled grant funding for farmers for renewable energy technology such as rooftop solar panels... Call 0800 909 8882. ... Why Infinity? Meet the Team; Careers in Renewable Energy ... Rishi Sunak ...

I wanted a battery, solar diverter and extra solar panels installed. Infinity had installed my original solar panels at the end of 2018 and after inquiries with other installers, Infinity seemed to be the best company to fulfill my specific requirements. Certainly their after sales service since 2018 has been good so I was keen to use them again.
