Since 1922, the United Kingdom has been made up of four countries: England, Scotland, Wales (which collectively make up Great Britain) and Northern Ireland (variously described as a country, [1] province, [2] [3] [4] jurisdiction [5] or region [6] [7]).The UK Prime Minister's website has used the phrase "countries within a country" to describe the United Kingdom. [8]

Started my career as a panel builder and wireman for Quinton Crane Electronics Ltd. Moved internally to become a draughtsman in the company drawing office, learned how to manually layout printed circuit boards (before CAD was common place). Moved on to designing control systems, PLC based, embedded controller systems and single board computers of my own ...

The Westminster system, or Westminster model, is a type of parliamentary government that incorporates a series of procedures for operating a legislature, first developed in England.Key aspects of the system include an executive branch made up of members of the legislature, and that is responsible to the legislature; the presence of parliamentary opposition parties; and a ...

The United Kingdom, famously and almost uniquely, does not have a constitution that is contained in a written constitutional instrument. It is to be found in the statutes passed by Parliament and in the common law, which developed over the centuries in the decisions of the courts. Only two other countries, Israel and New Zealand, are like the ...
