Morocco risks implicating other states by exporting Western Sahara energy, for instance to the EU. The EU has promised not to import green energy from the territory, but is unlikely the EU will be able to differentiate energy generated in Morocco proper and energy generated in the occupied territory, as it will pass in cables under Strait of ...

Mohamed Rafik, Varel Energy Solutions" region director for Saudi Arabia and Bahrain, talks to The Energy Year about key factors driving the drilling equipment market in Saudi Arabia and challenges faced by ...

These planned energy exports would make the European and West African energy markets partially dependent on energy generated in occupied Western Sahara. The Saharawi people are 500,000: around 30-40,000 live under the Moroccan military occupation and the rest live in the Tindouf refugee camp (the capital of the exiled SADR) in Algeria and some ...

Morocco has already installed three large wind farms and two solar farms in Western Sahara, all hooked up to the Moroccan grid. The largest wind farm, comprising 56 giant turbines erected onshore by a Scottish ...
