KION Battery Systems (KBS), a joint venture between KION GROUP AG and BMZ Holding GmbH, has started production of lithium-ion batteries for industrial trucks. In the summer of 2019, the two companies announced a strategic partnership and the establishment of their own production facility in Karlstein am Main, where the BMZ Group is headquartered.

Kion Group AG is a Germany-based supplier of industrial trucks, related services and supply chain solutions. The activities of the Company are divided into three segments: Industrial Trucks and Services, Supply Chain Solutions and Corporate Services.

KION Battery Systems GmbH. Business Sector: Elektroelektronische Ausrüstung. Herstellung von Browsersmaschinen, Datenverarbeitungsgeräten und -einrichtungen, Elektrotechnik, Feinmechanik, Optik, mit Ausnahme von: Produktion von unbestückten Leiterplatten für die Elektroindustrie, Herstellung von Wafers.

The global intralogistics group and the manufacturer of lithium-ion system solutions set up KION Battery Systems in summer 2019 to produce lithium-ion batteries for industrial trucks. KBS's objective is to sustainably expand its lithium-ion product offering and production capacities for the EMEA region.

The cells for the battery systems assembled in Karlstein are purchased from Asia. Now that production has started, the focus is on expanding capacity and developing new battery systems. By 2023, Kion Battery Systems is expected to employ up to 150 people, mainly in research, development and production.

Wallis and Futuna, self-governing overseas collectivity of France consisting of two island groups in the west-central Pacific Ocean. The collectivity is geographically part of western Polynesia. It includes the Wallis Islands (Uvea and surrounding islets) and the Horn Islands (Futuna and Alofi). The capital is Matavutu, on Uvea. The island of Uvea takes its ...

KION Battery Systems occupies an important position within the KION Group energy portfolio. "With the new production line, we hope to be able to optimally satisfy the constantly increasing demand for modern
